who the fuck is
Jamichael Daquarius Jiggalo?

the dead black guy

No, hes Arnold
he clearly told me so

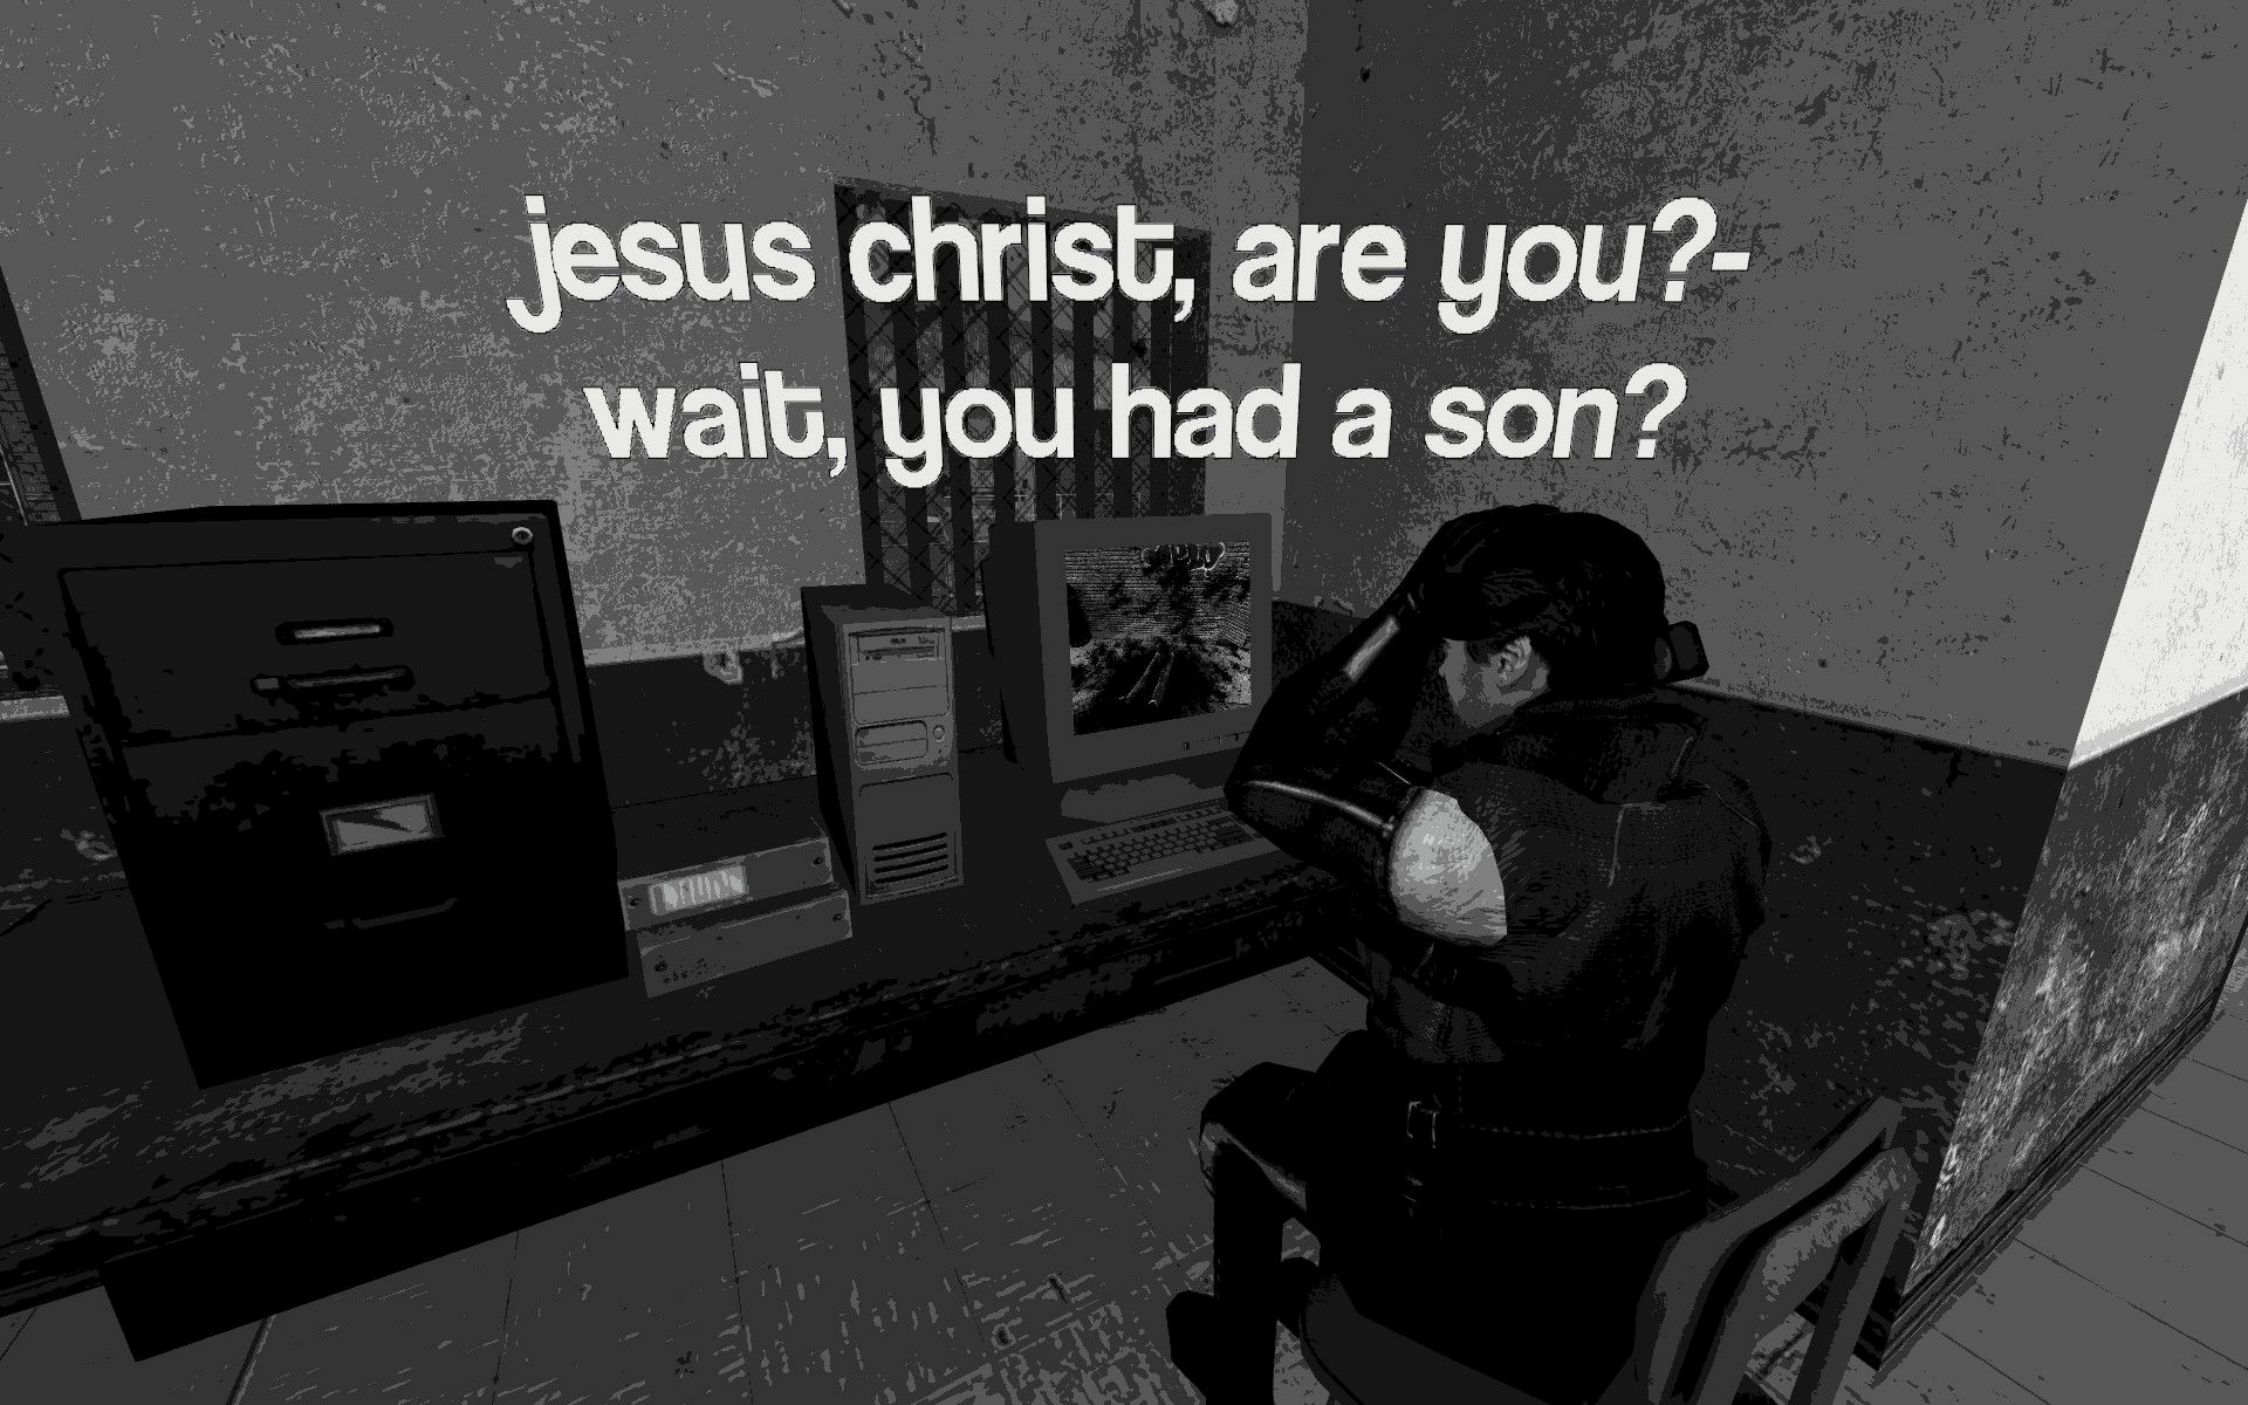
okay?..
33 RGW

ring ring

yo

A., huge problem, theres-

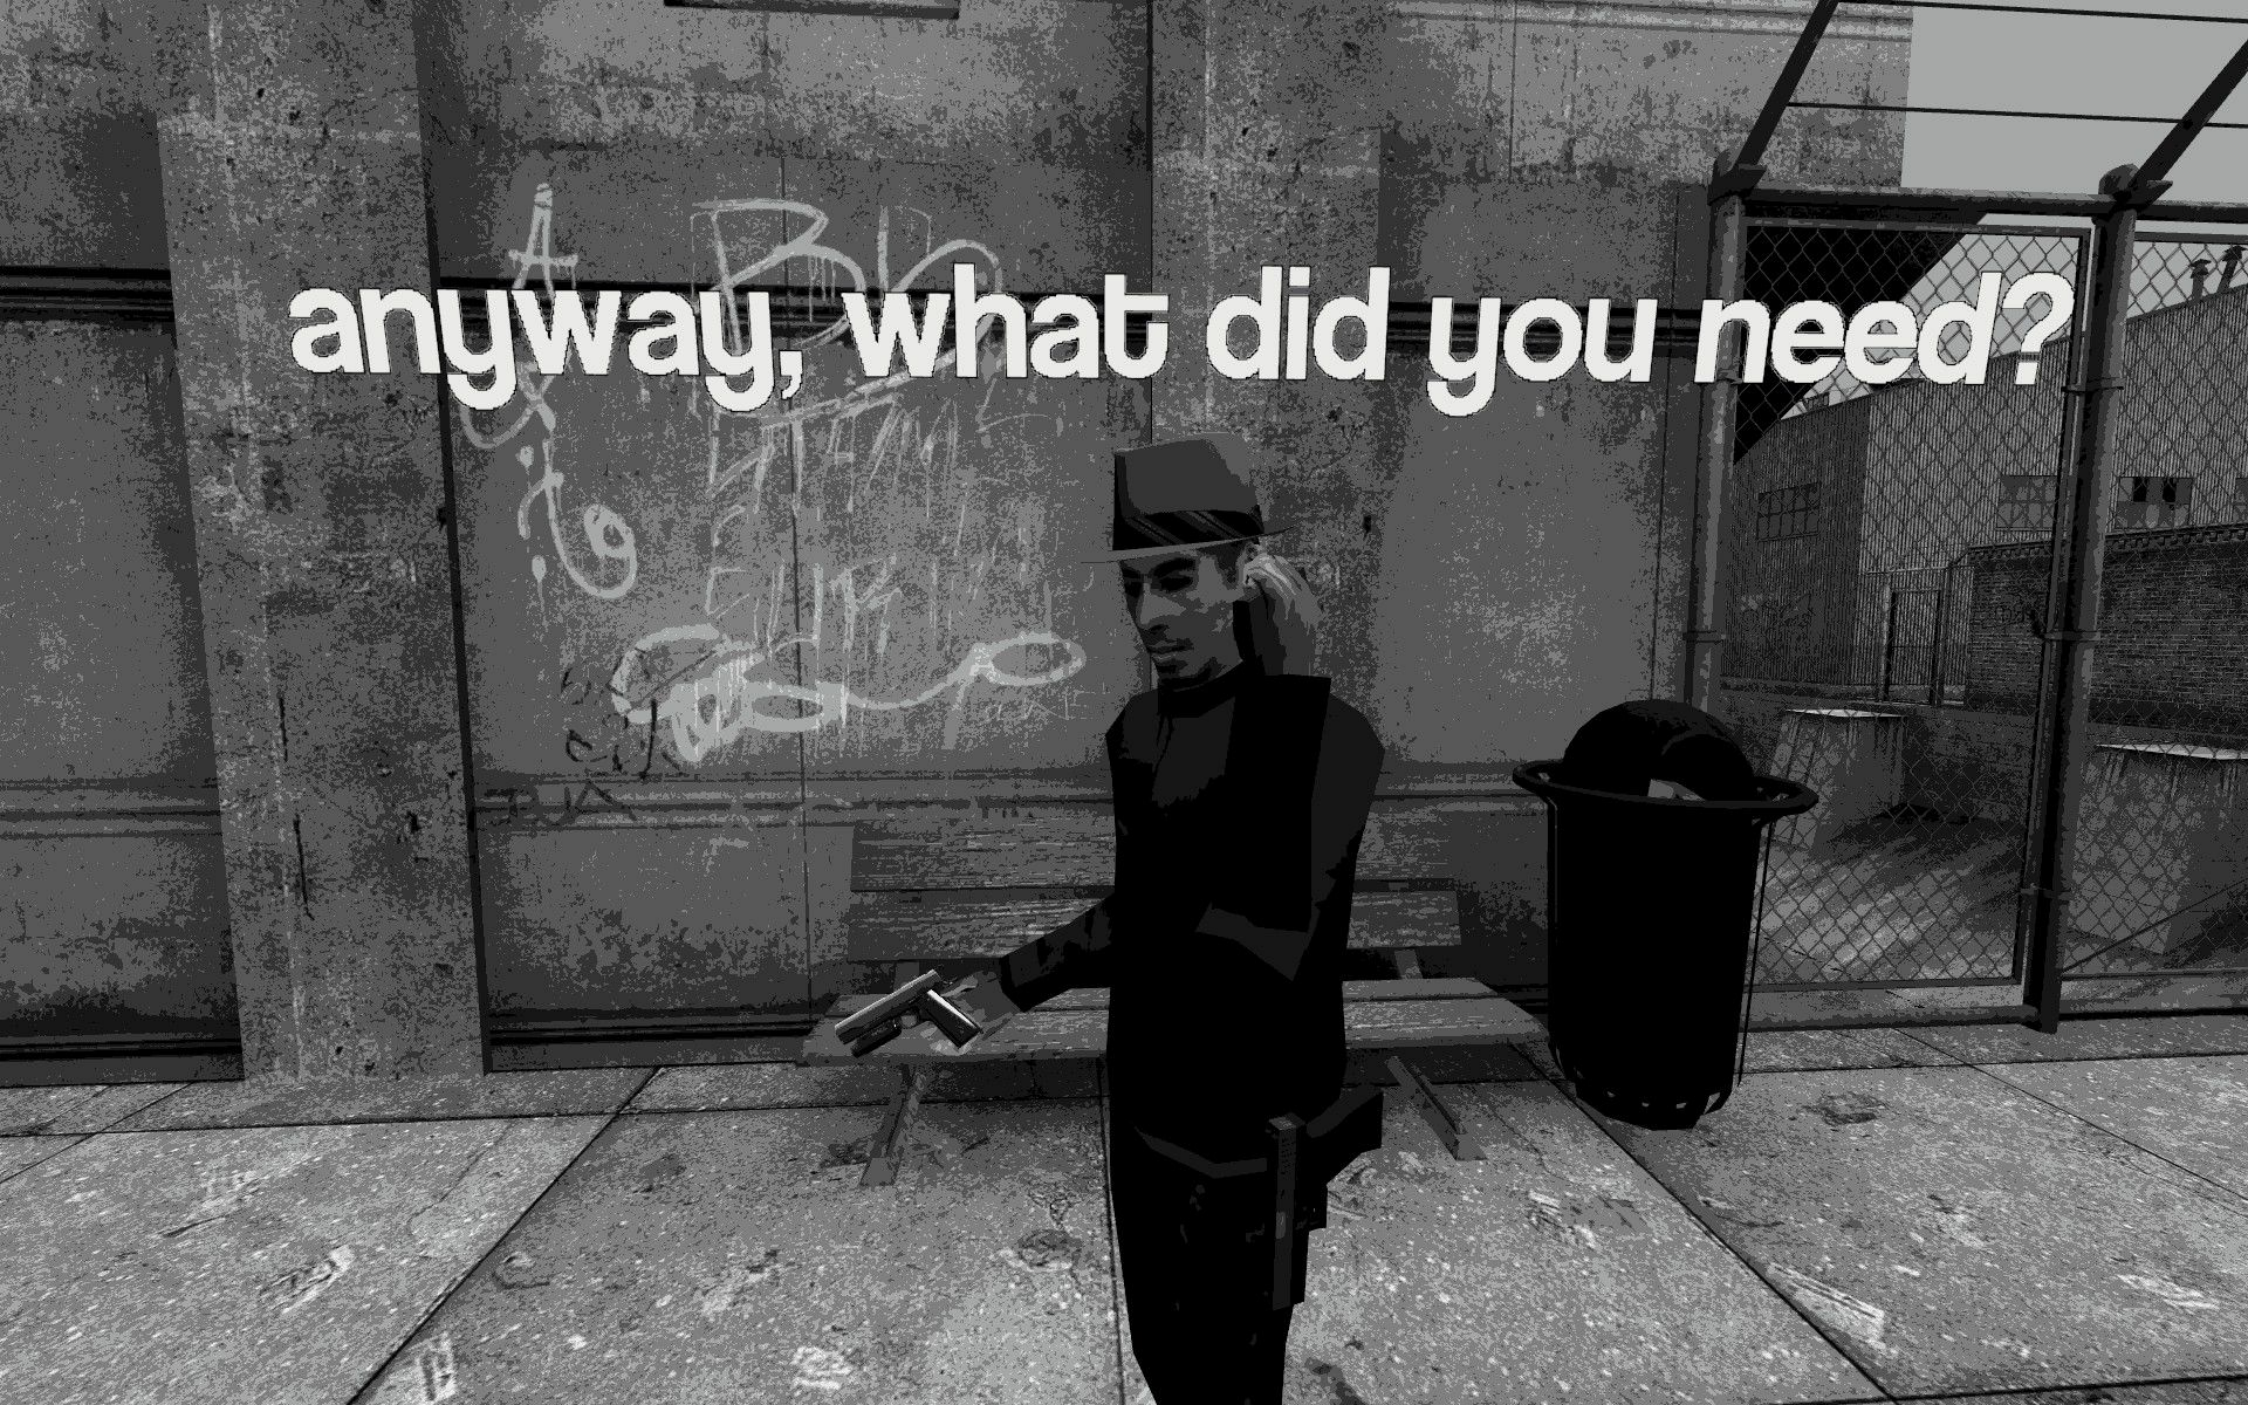
my son just died



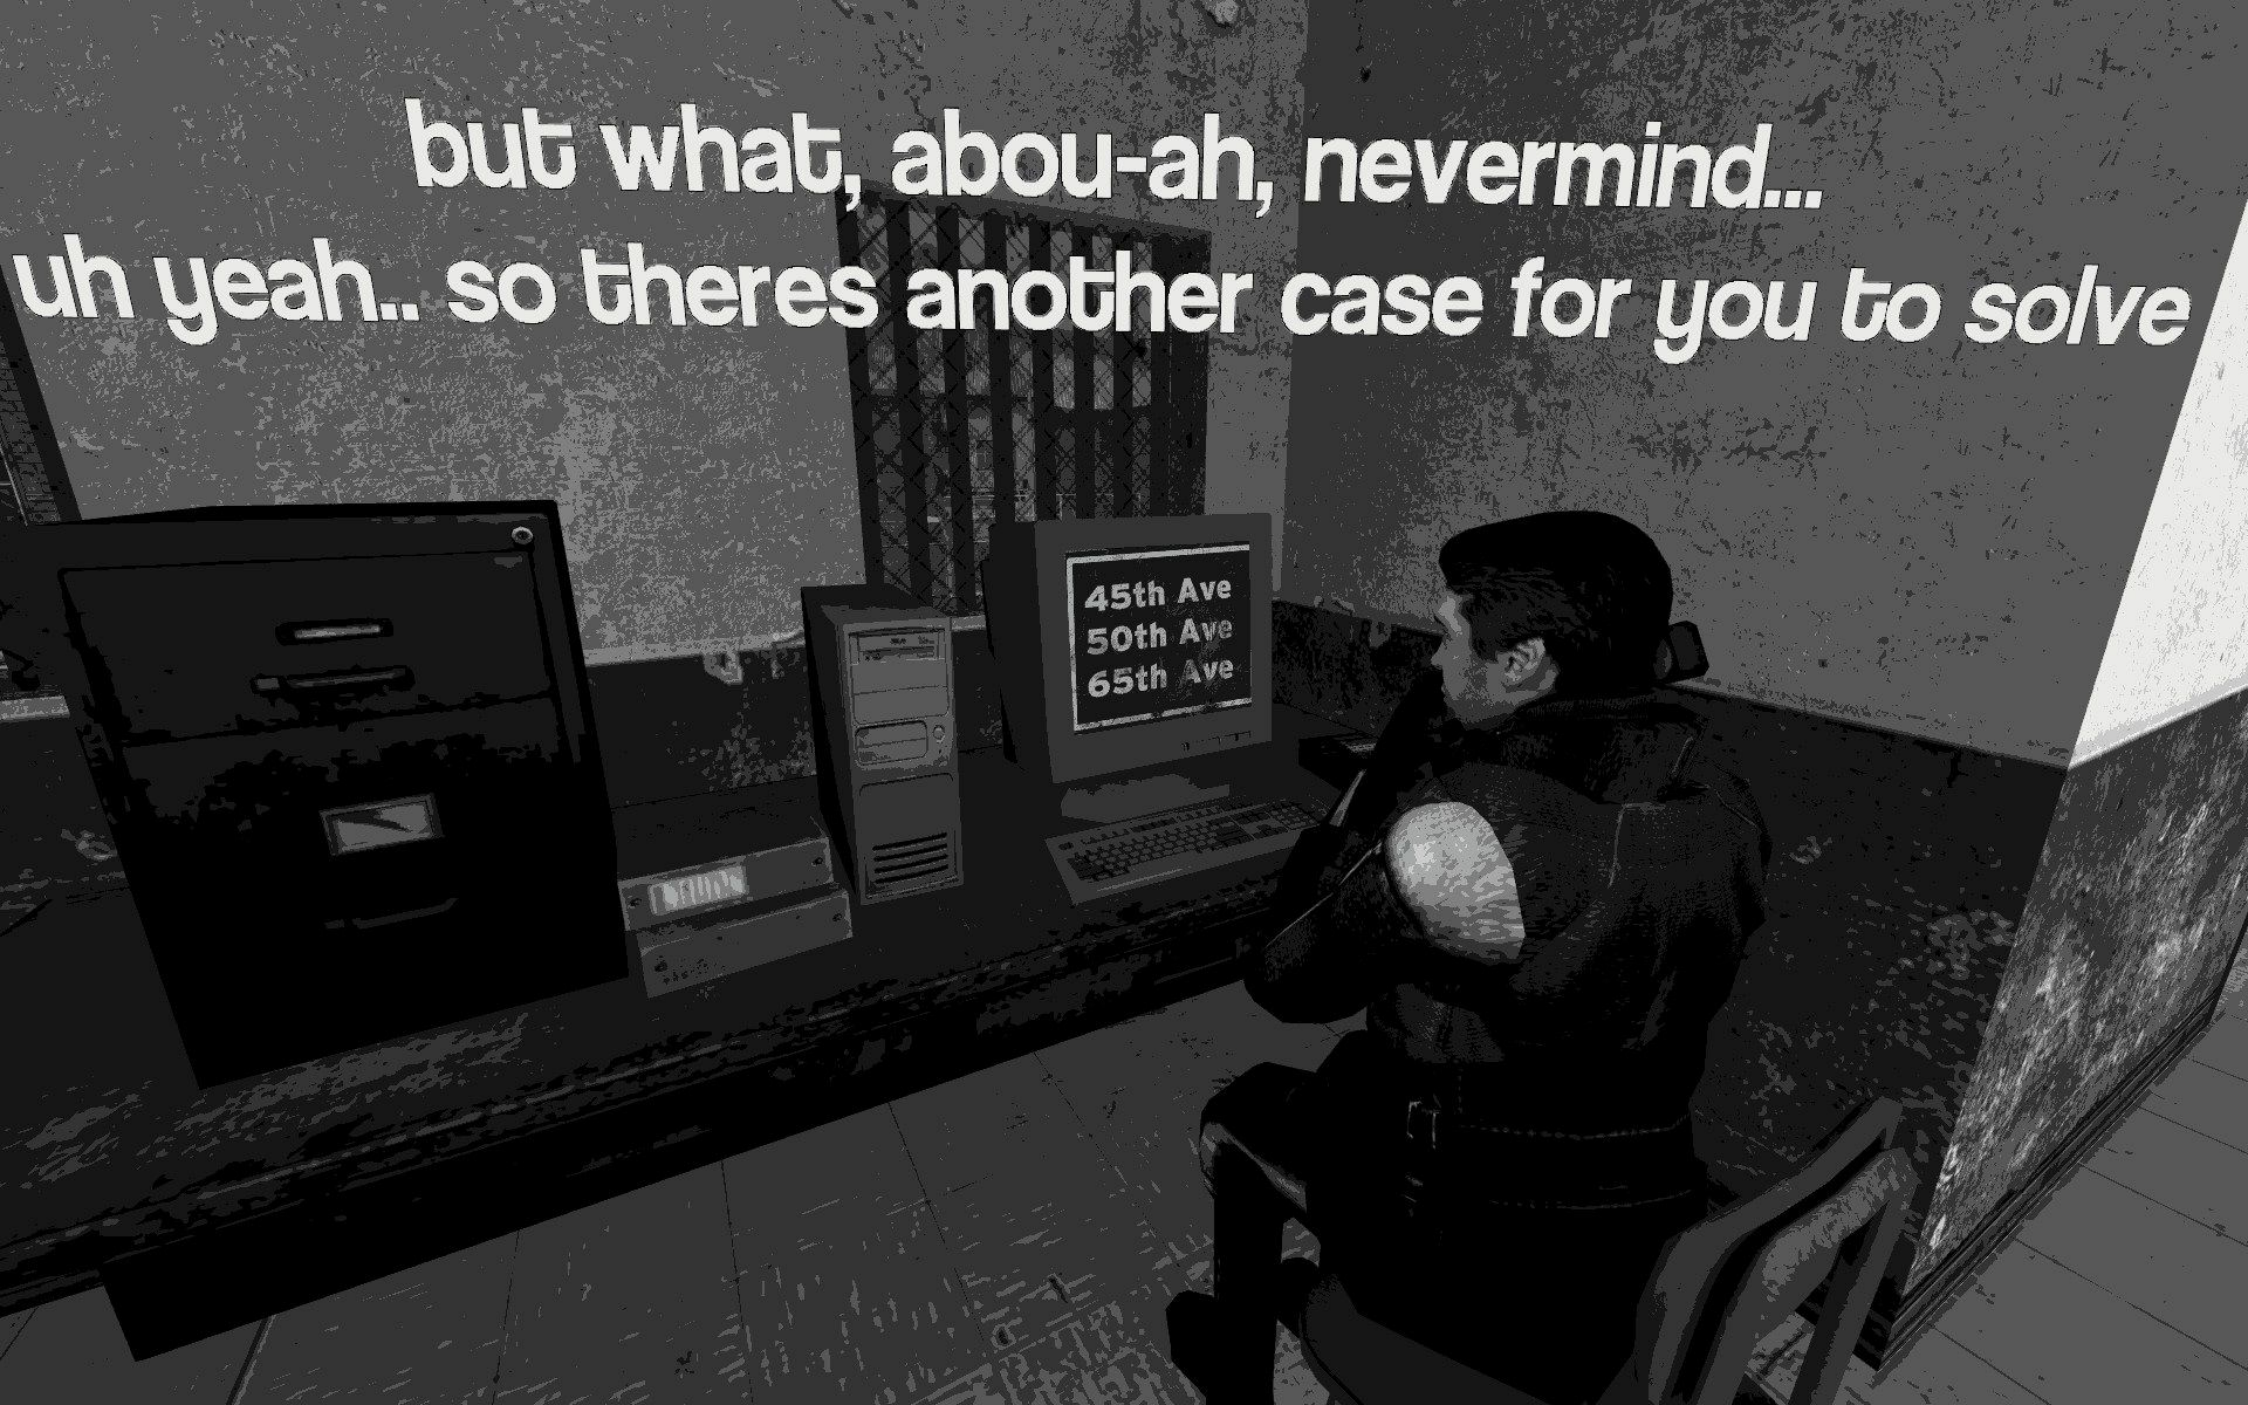
jesus christ, are you?-
wait, you had a son?

yes, hes in heaven now

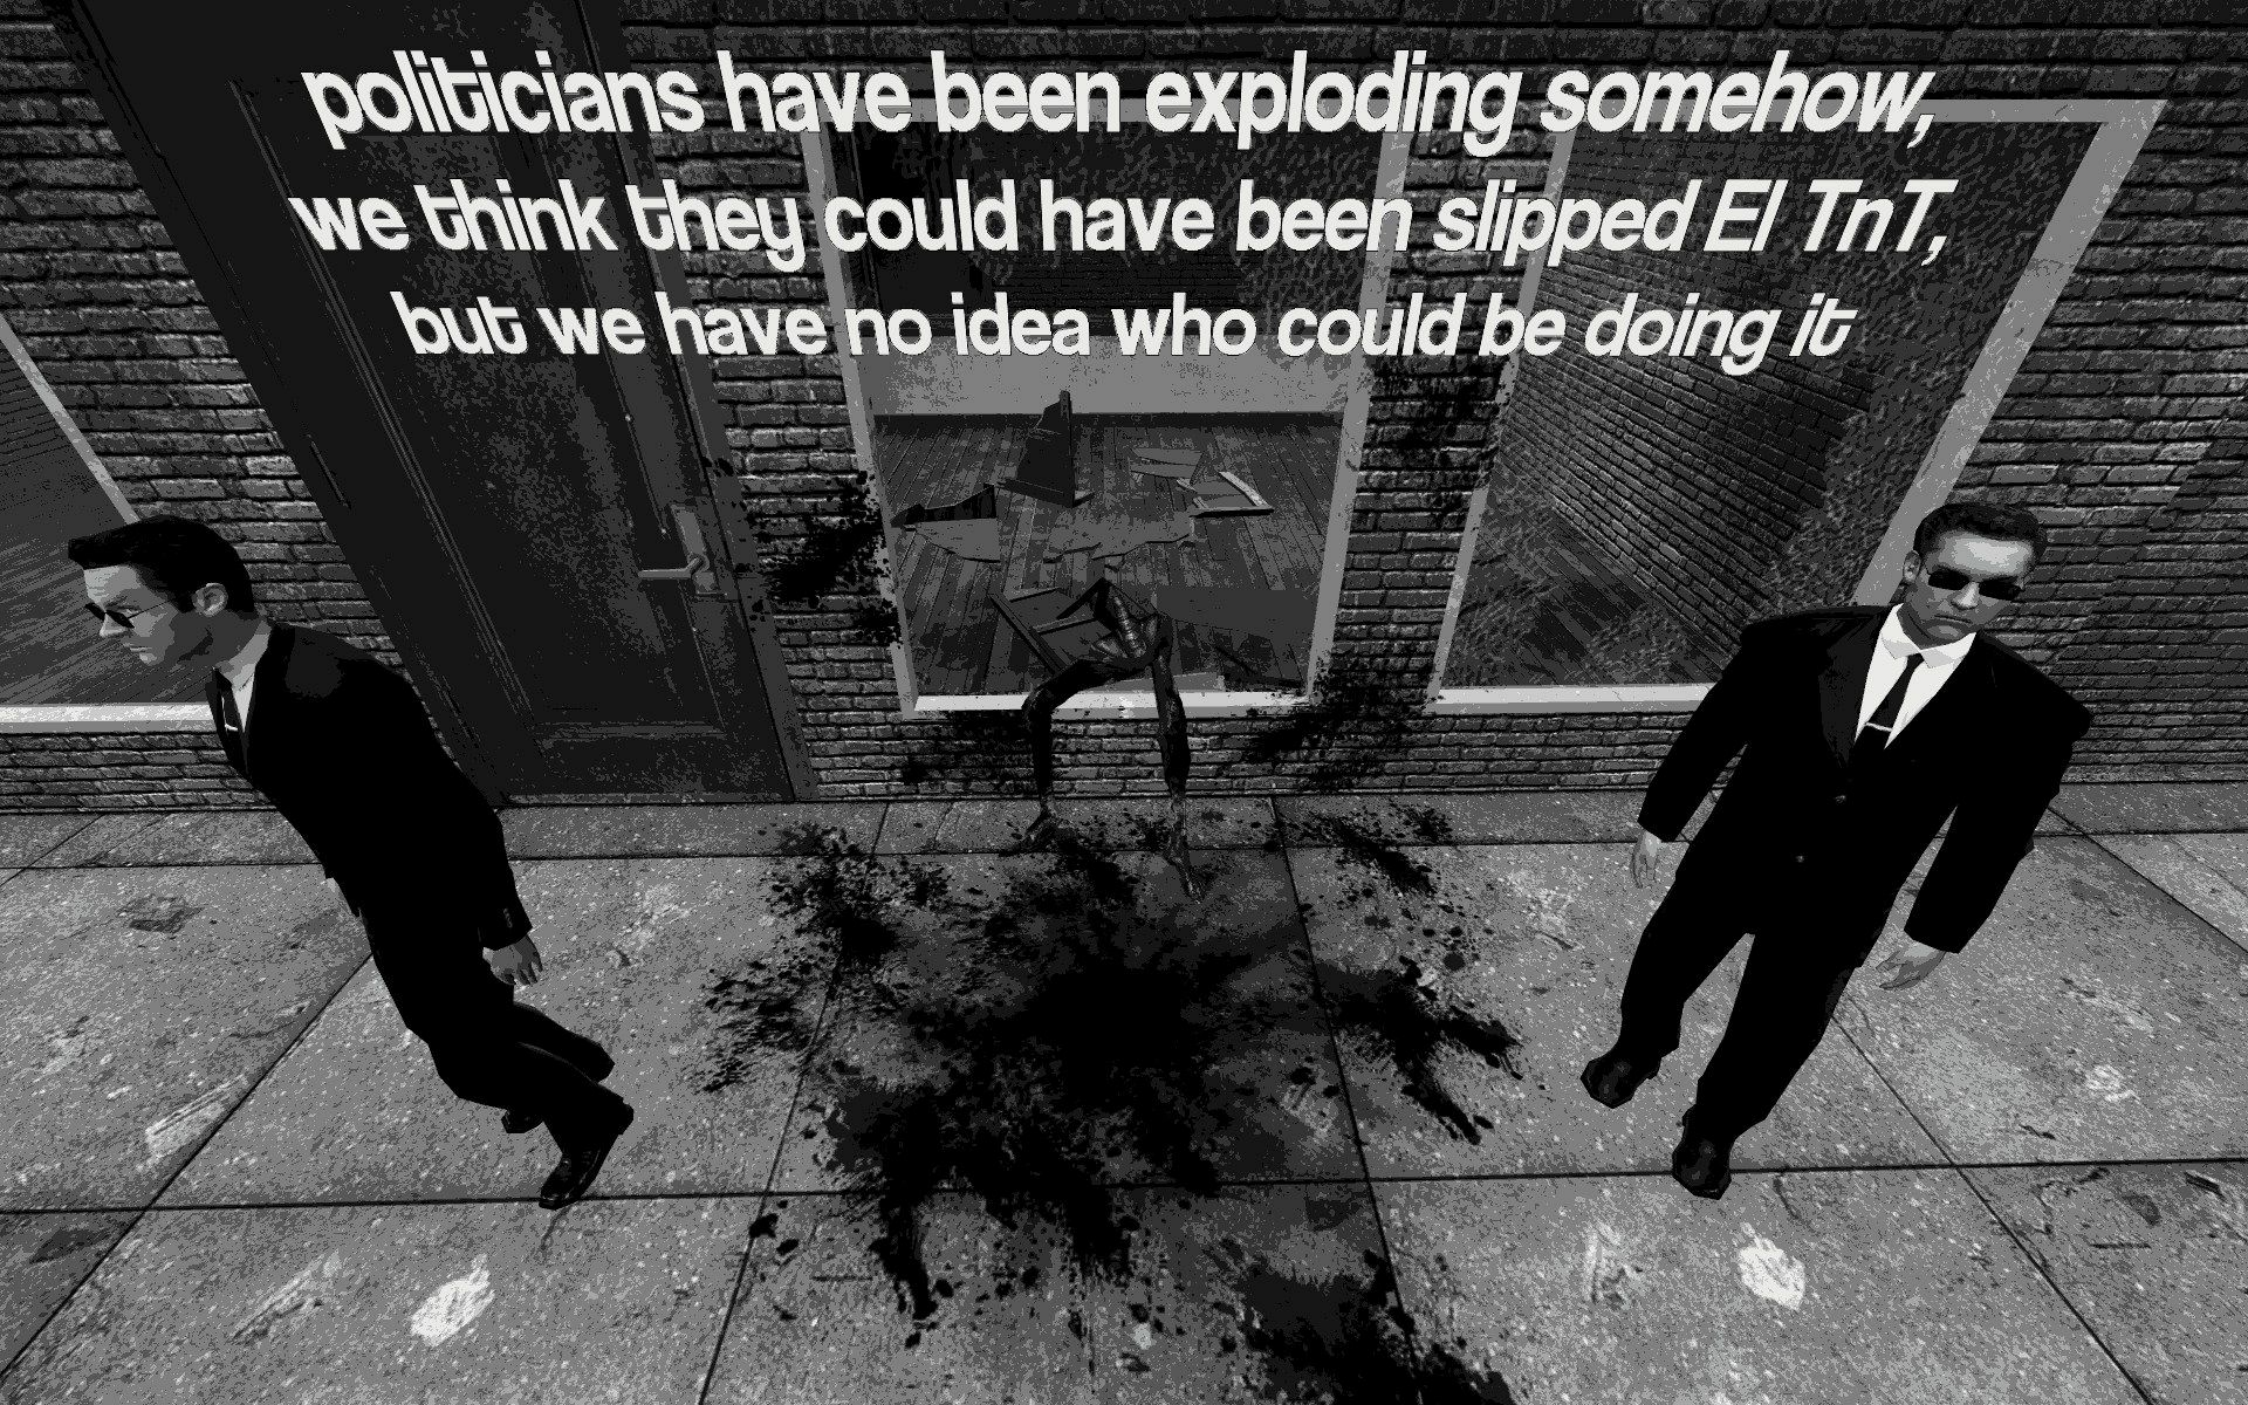
oh my god, i'm so sorry, do you-



anyway, what did you need?

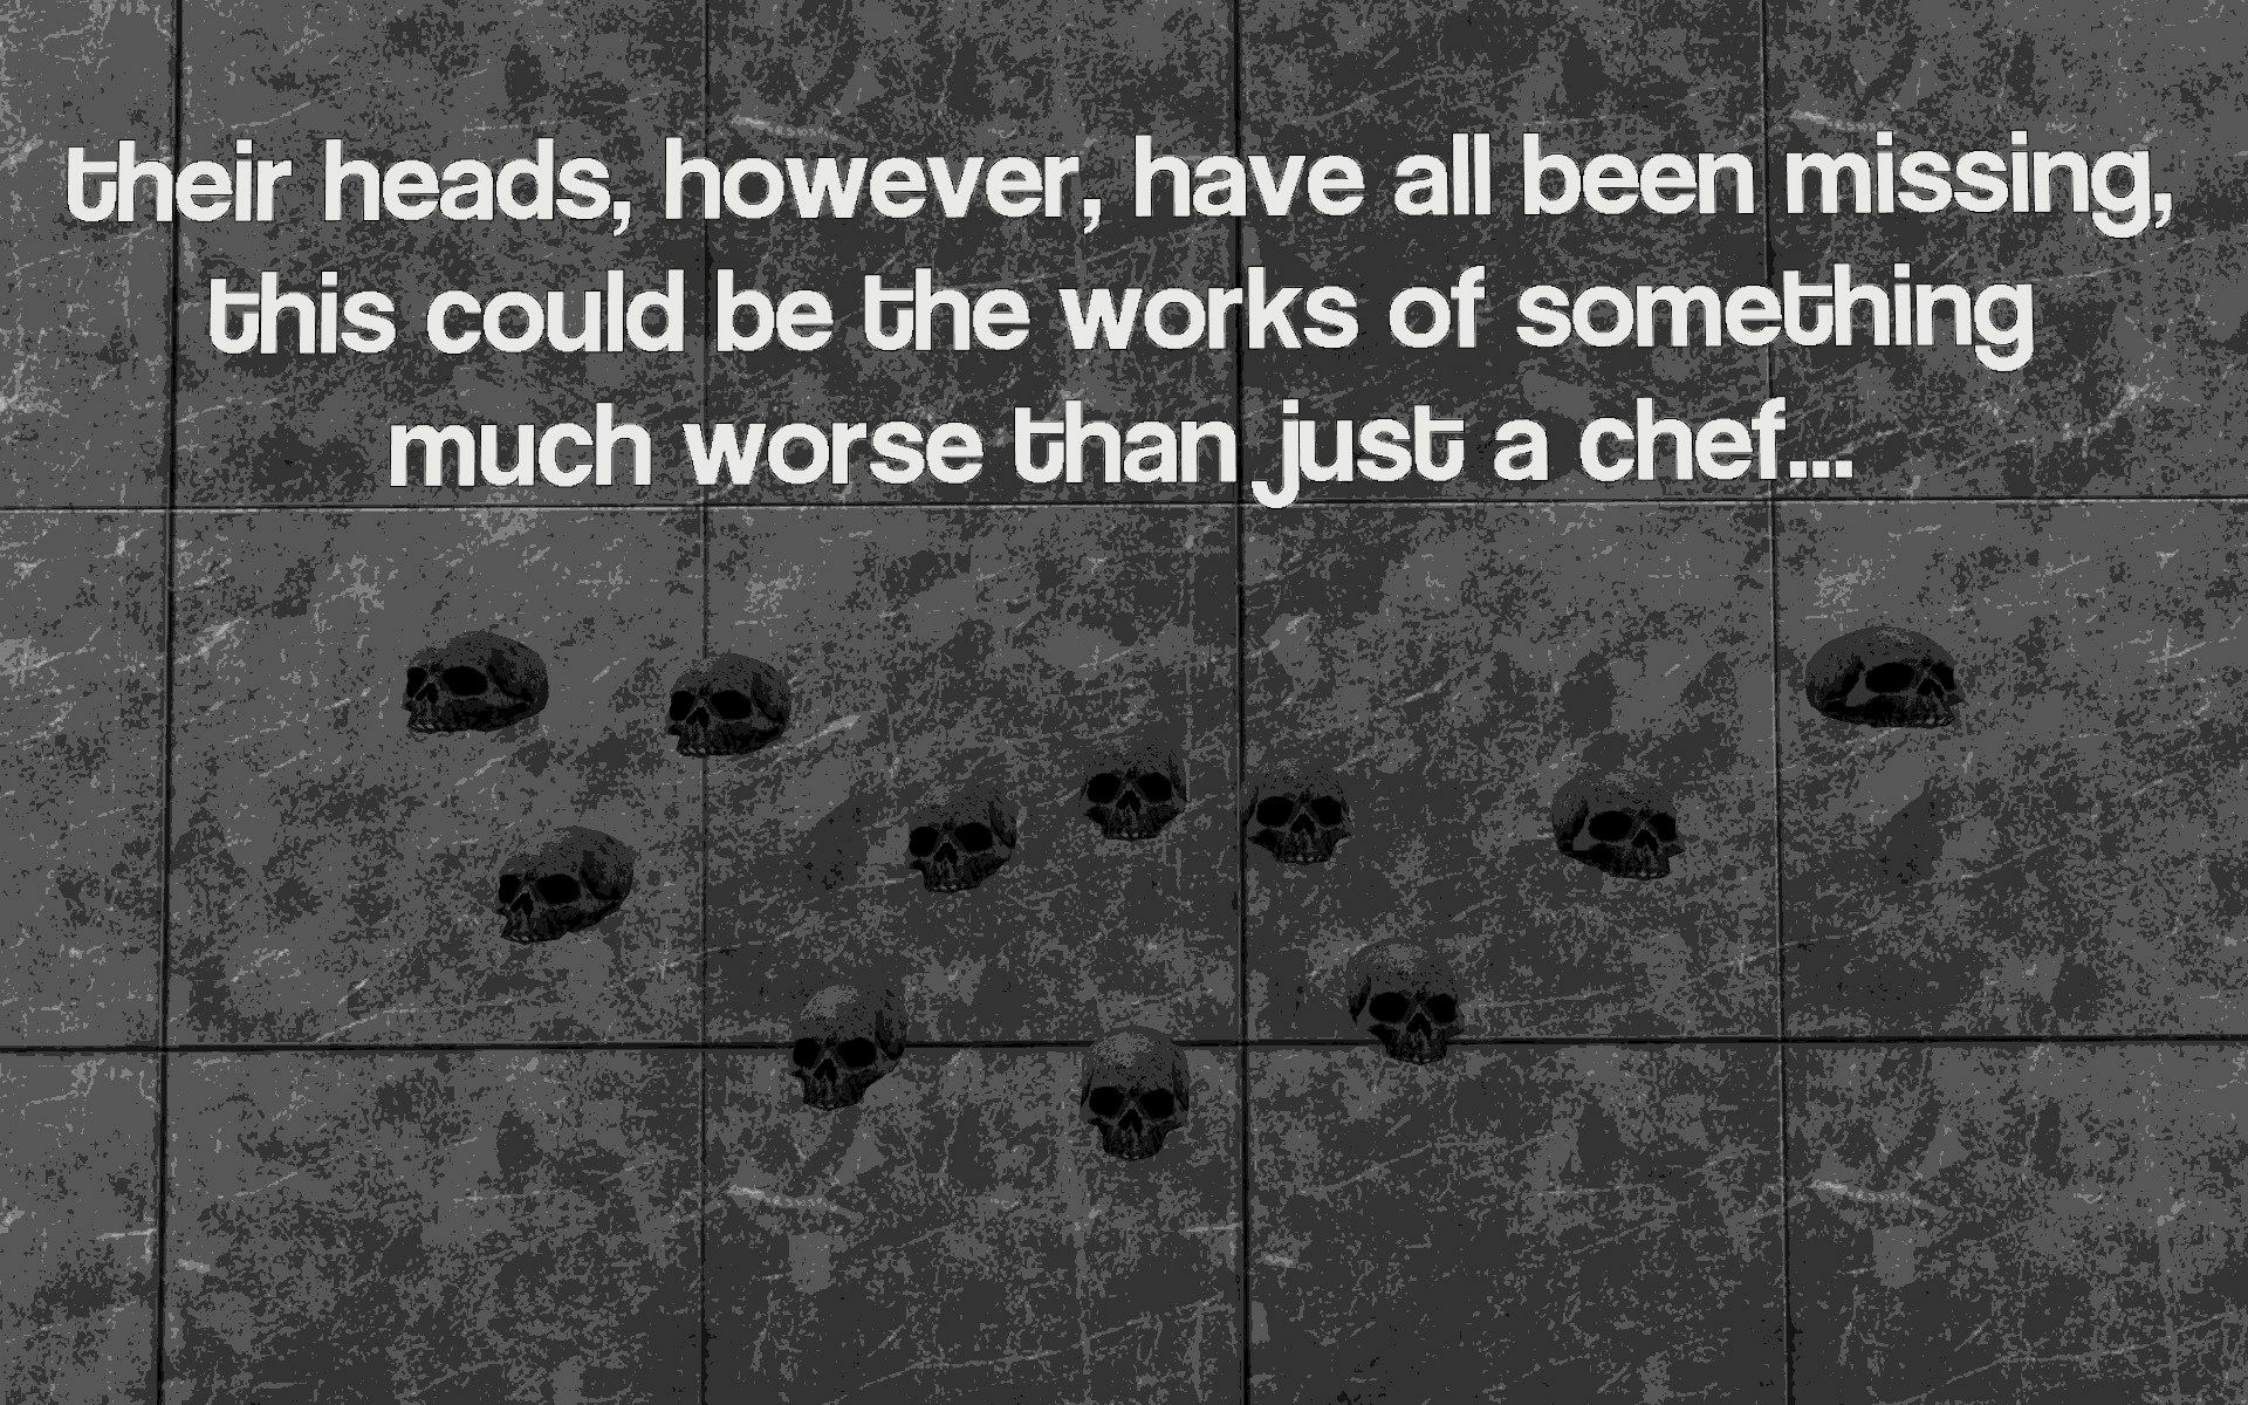


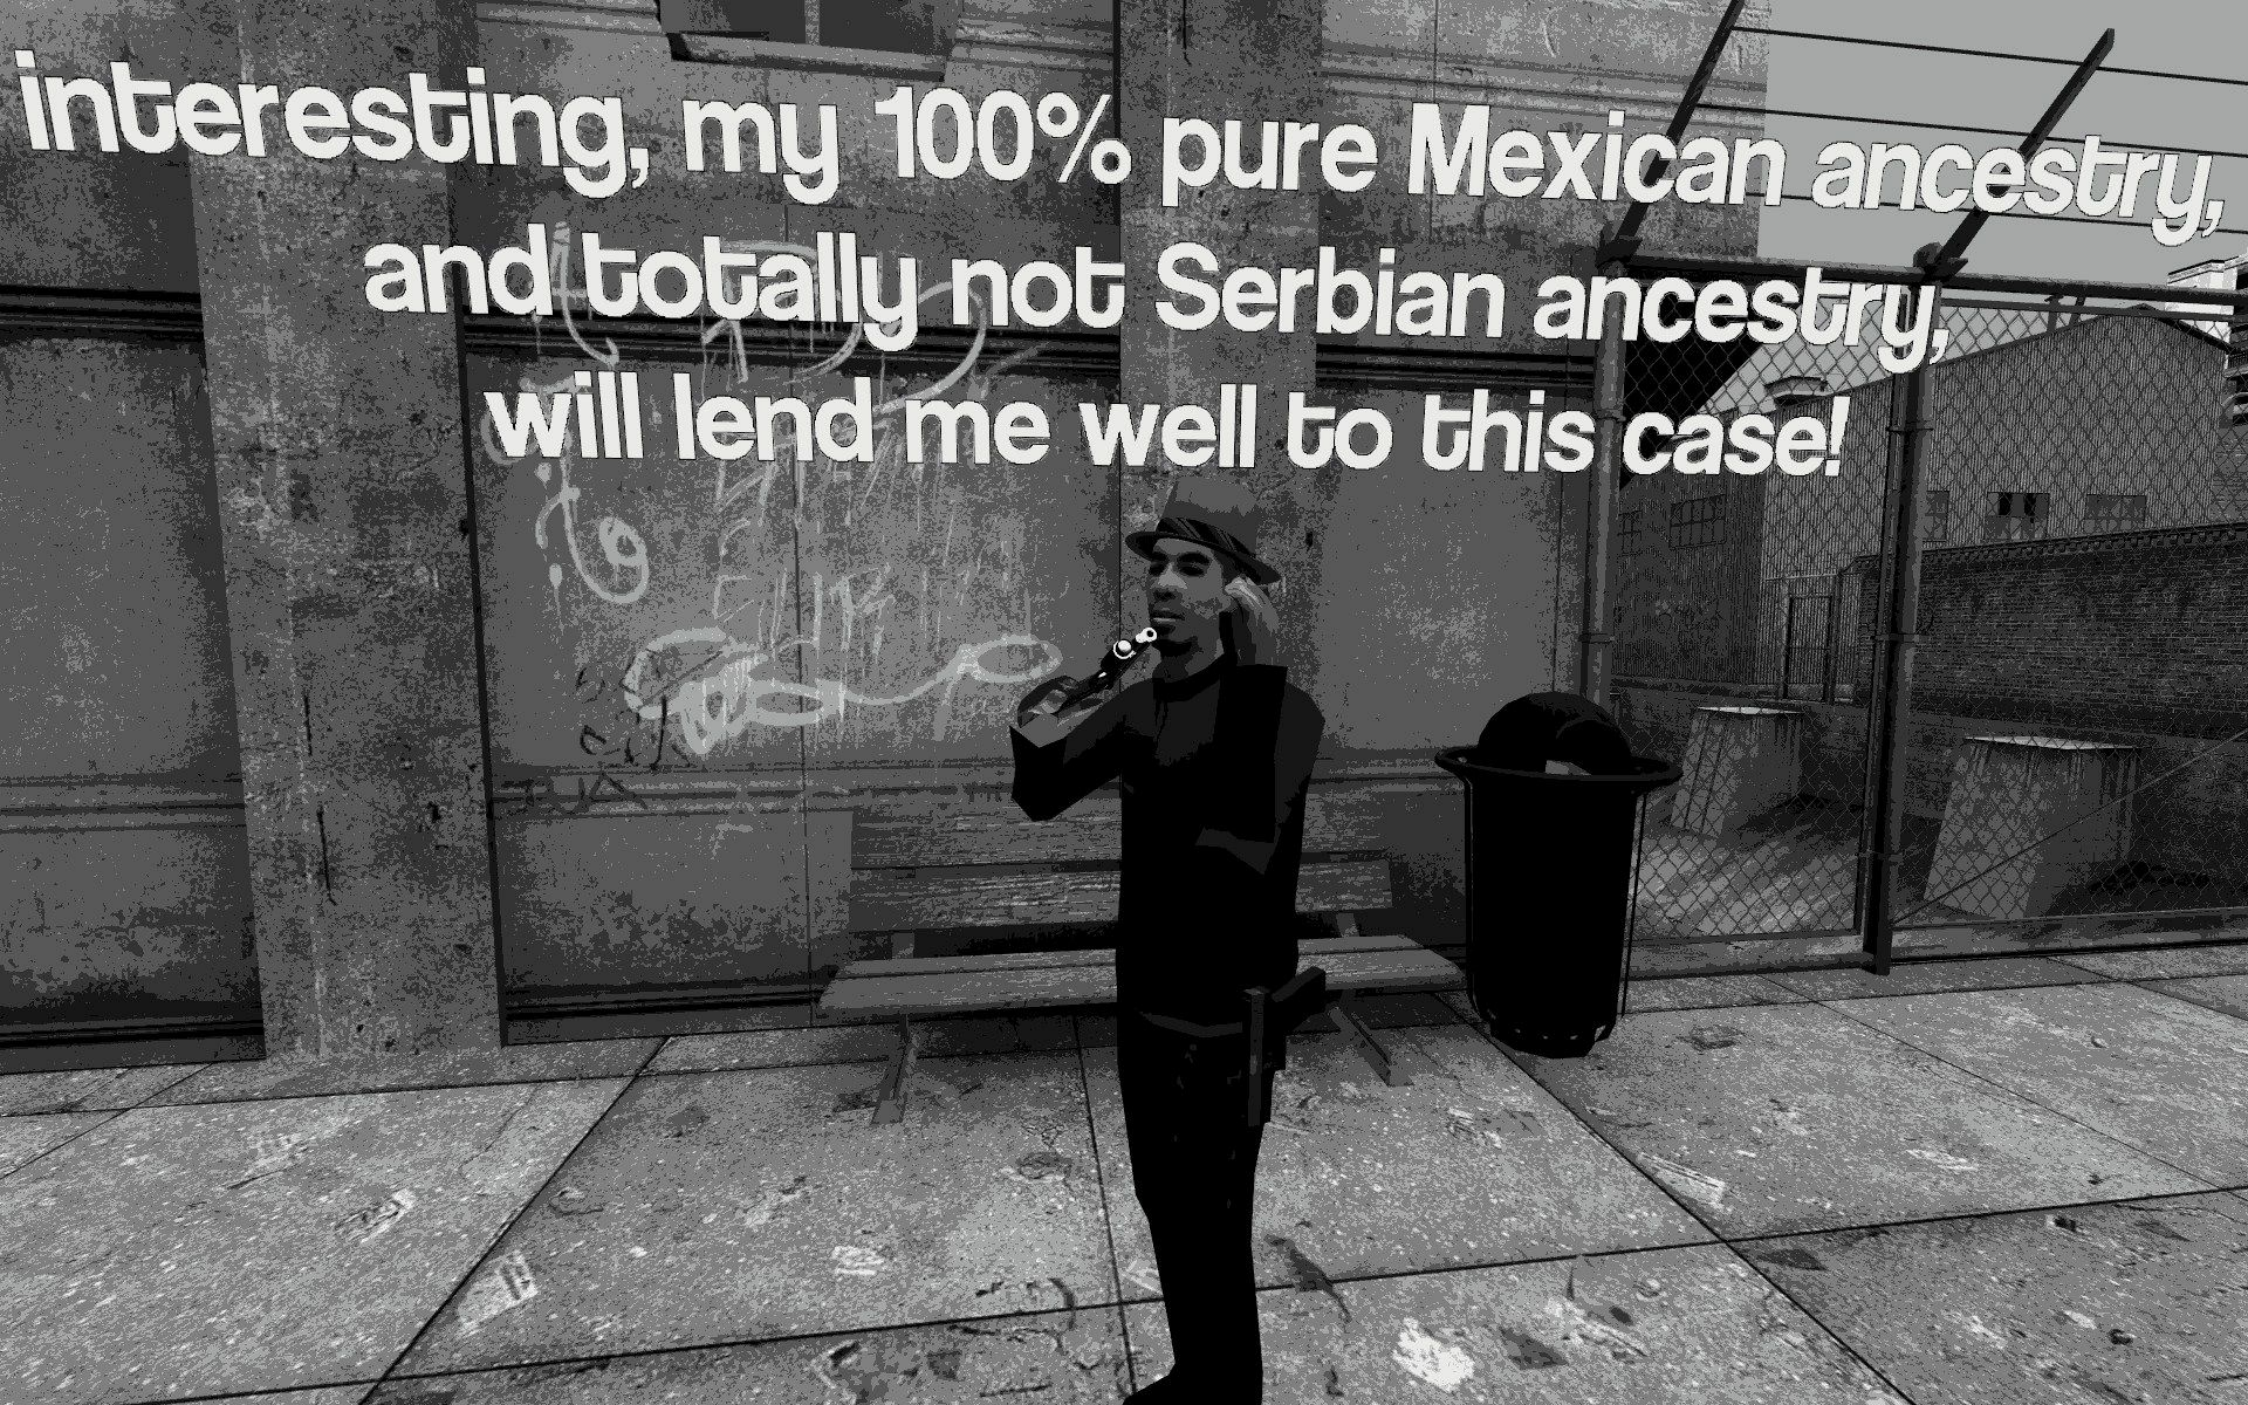
but what, abou-ah, nevermind...
uh yeah.. so theres another case for you to solve
45th Ave
50th Ave
65th Ave



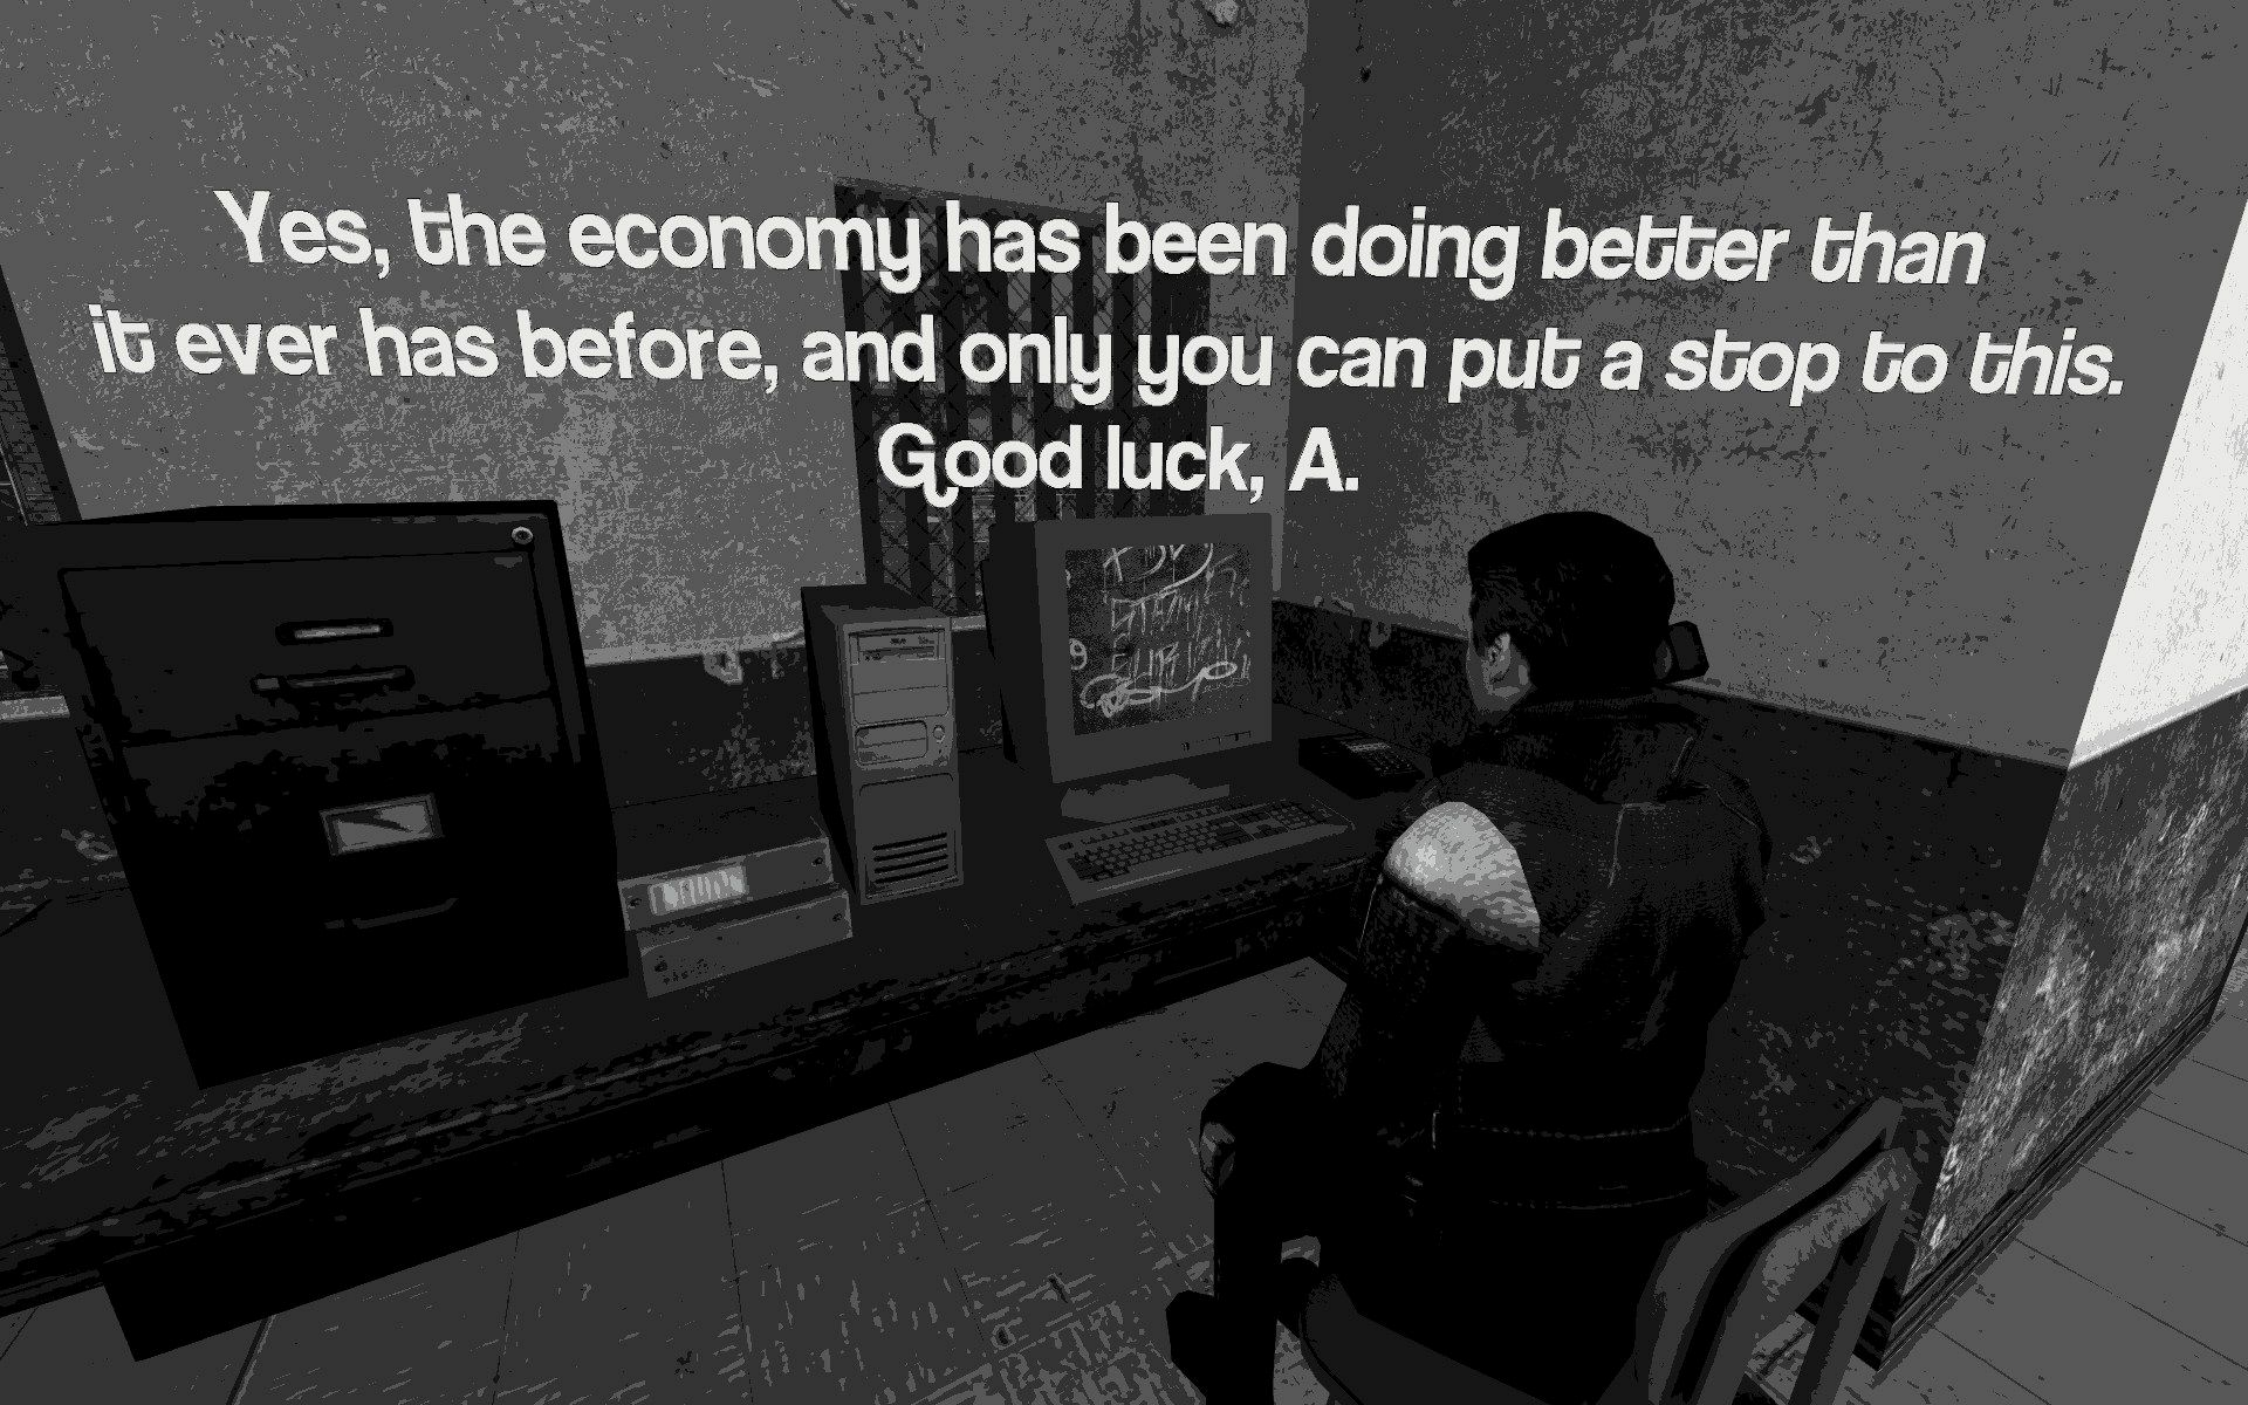
politicians have been exploding somehow,
we think they could have been slipped El TnT,
but we have no idea who could be doing it

their heads, however, have all been missing,
this could be the works of something
much worse than just a chef...

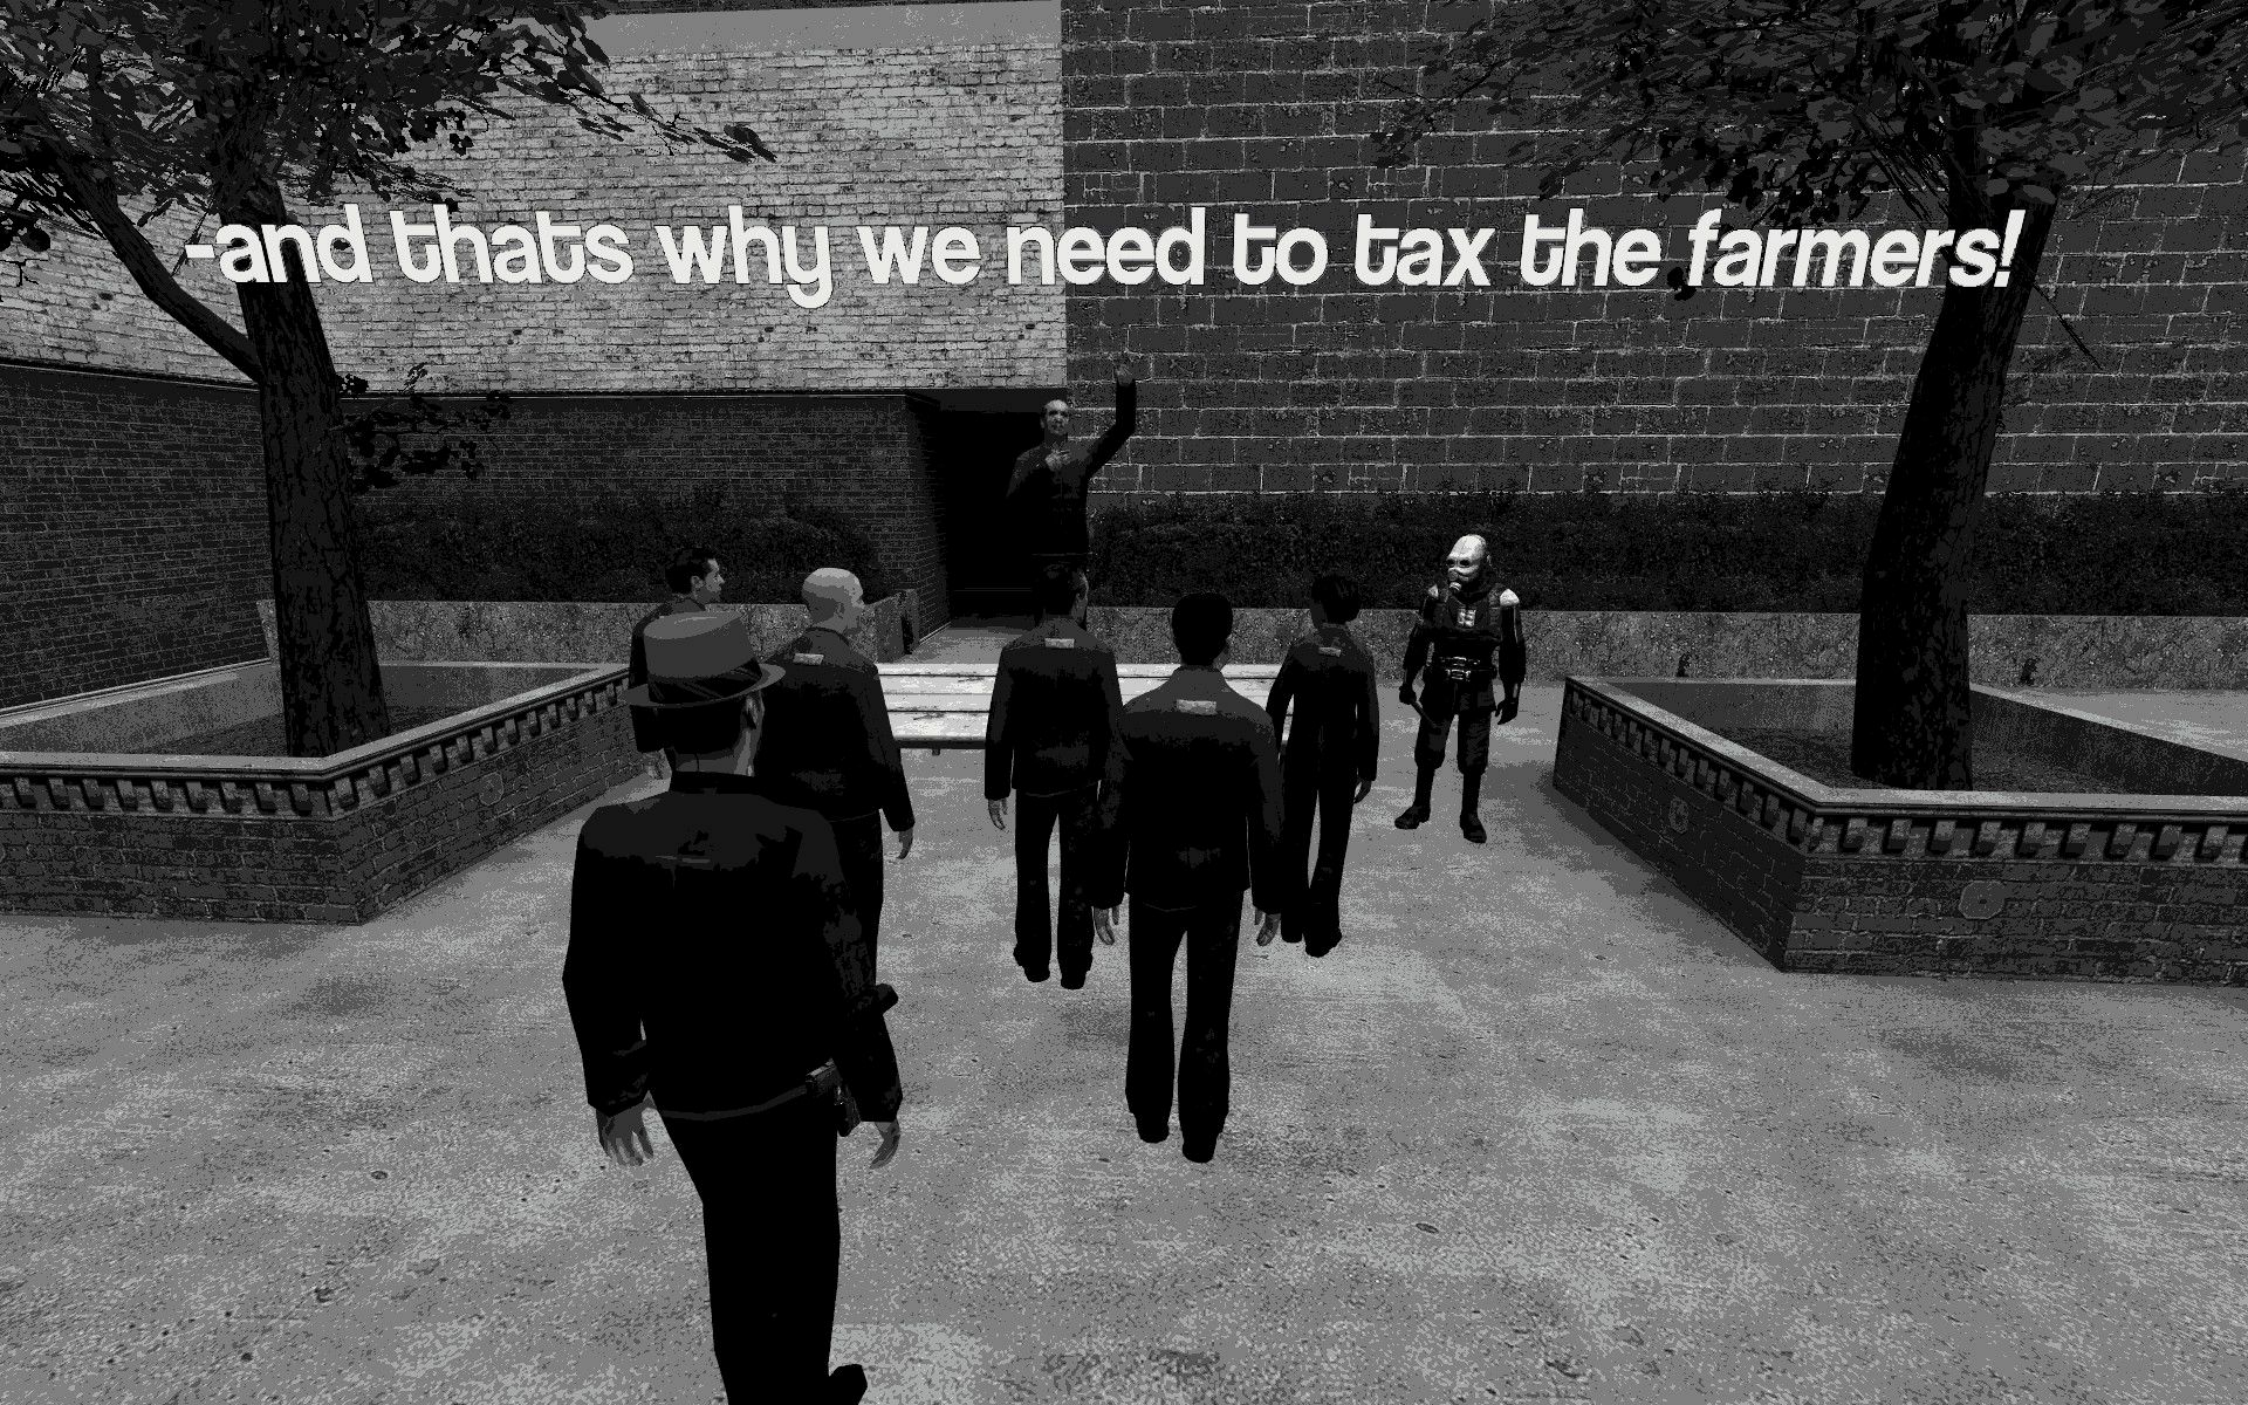




interesting, my 100% pure Mexican ancestry,
and totally not Serbian ancestry,
will lend me well to this case!



Yes, the economy has been doing better than
it ever has before, and only you can put a stop to this.
Good luck, A.



-and thats why we need to tax the farmers!

fuckin knew it

the head, its?..

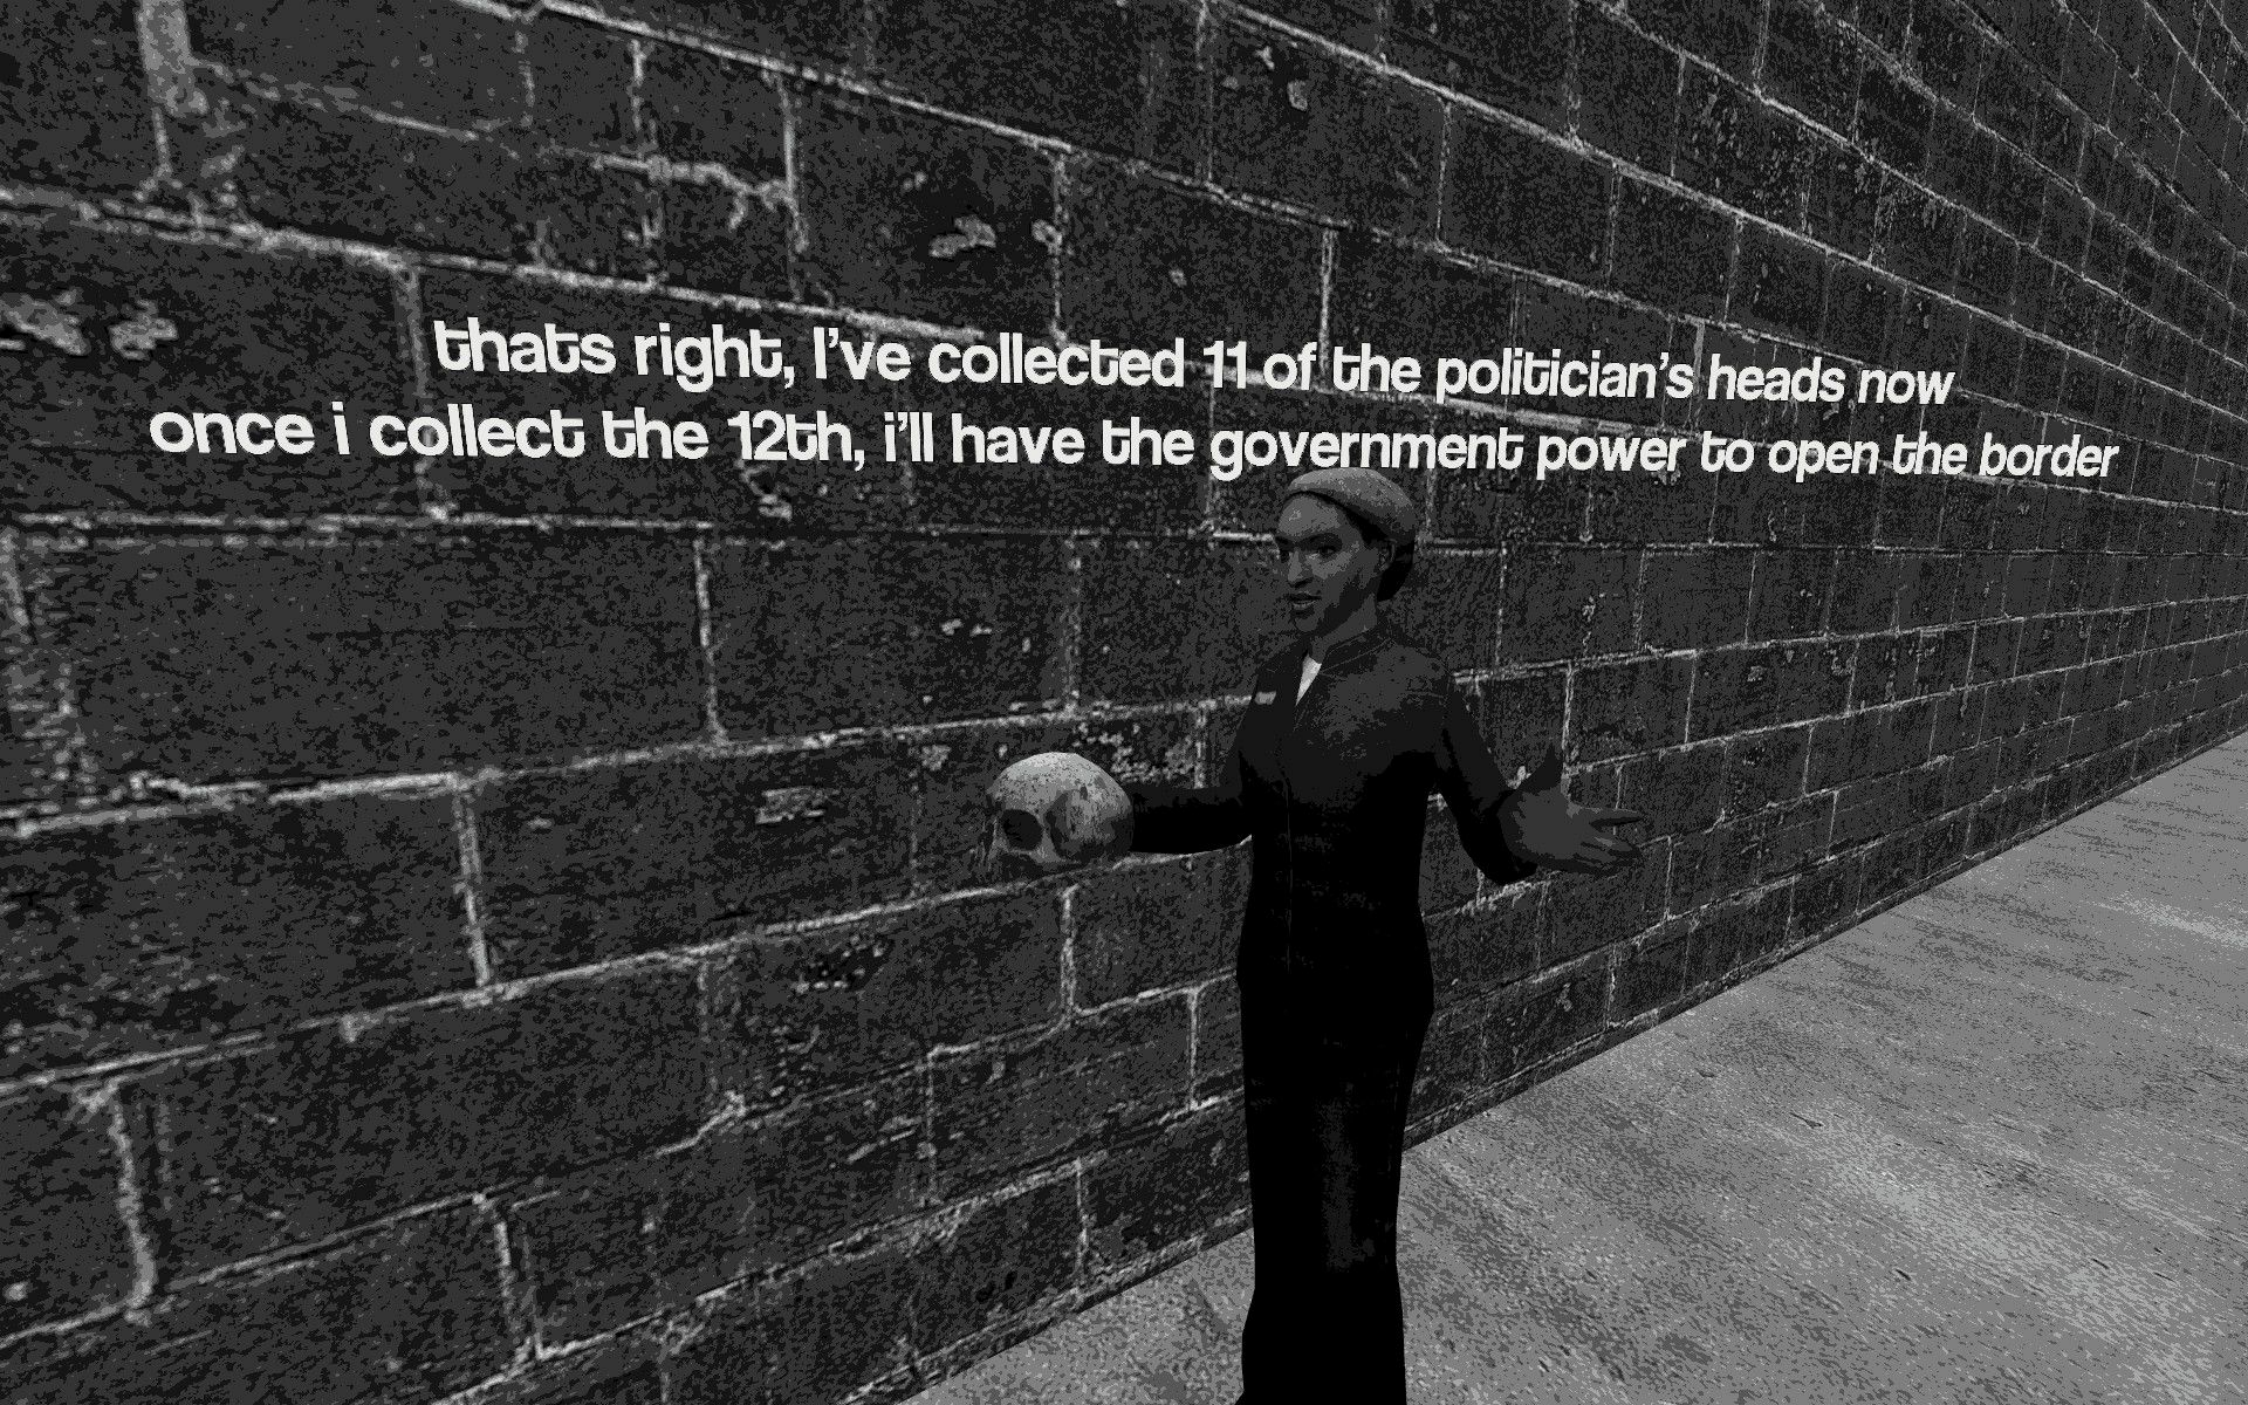
HEY!

CONSUME LESS!

CRIME LABS!

huehuehuehue!
you coppers have no power here!

dear god, i feel it, the power!
i-i can't handle it!



thats right, I've collected 11 of the politician's heads now
once i collect the 12th, i'll have the government power to open the border

and flood the country with unwashed masses!

no! not that! damn it!

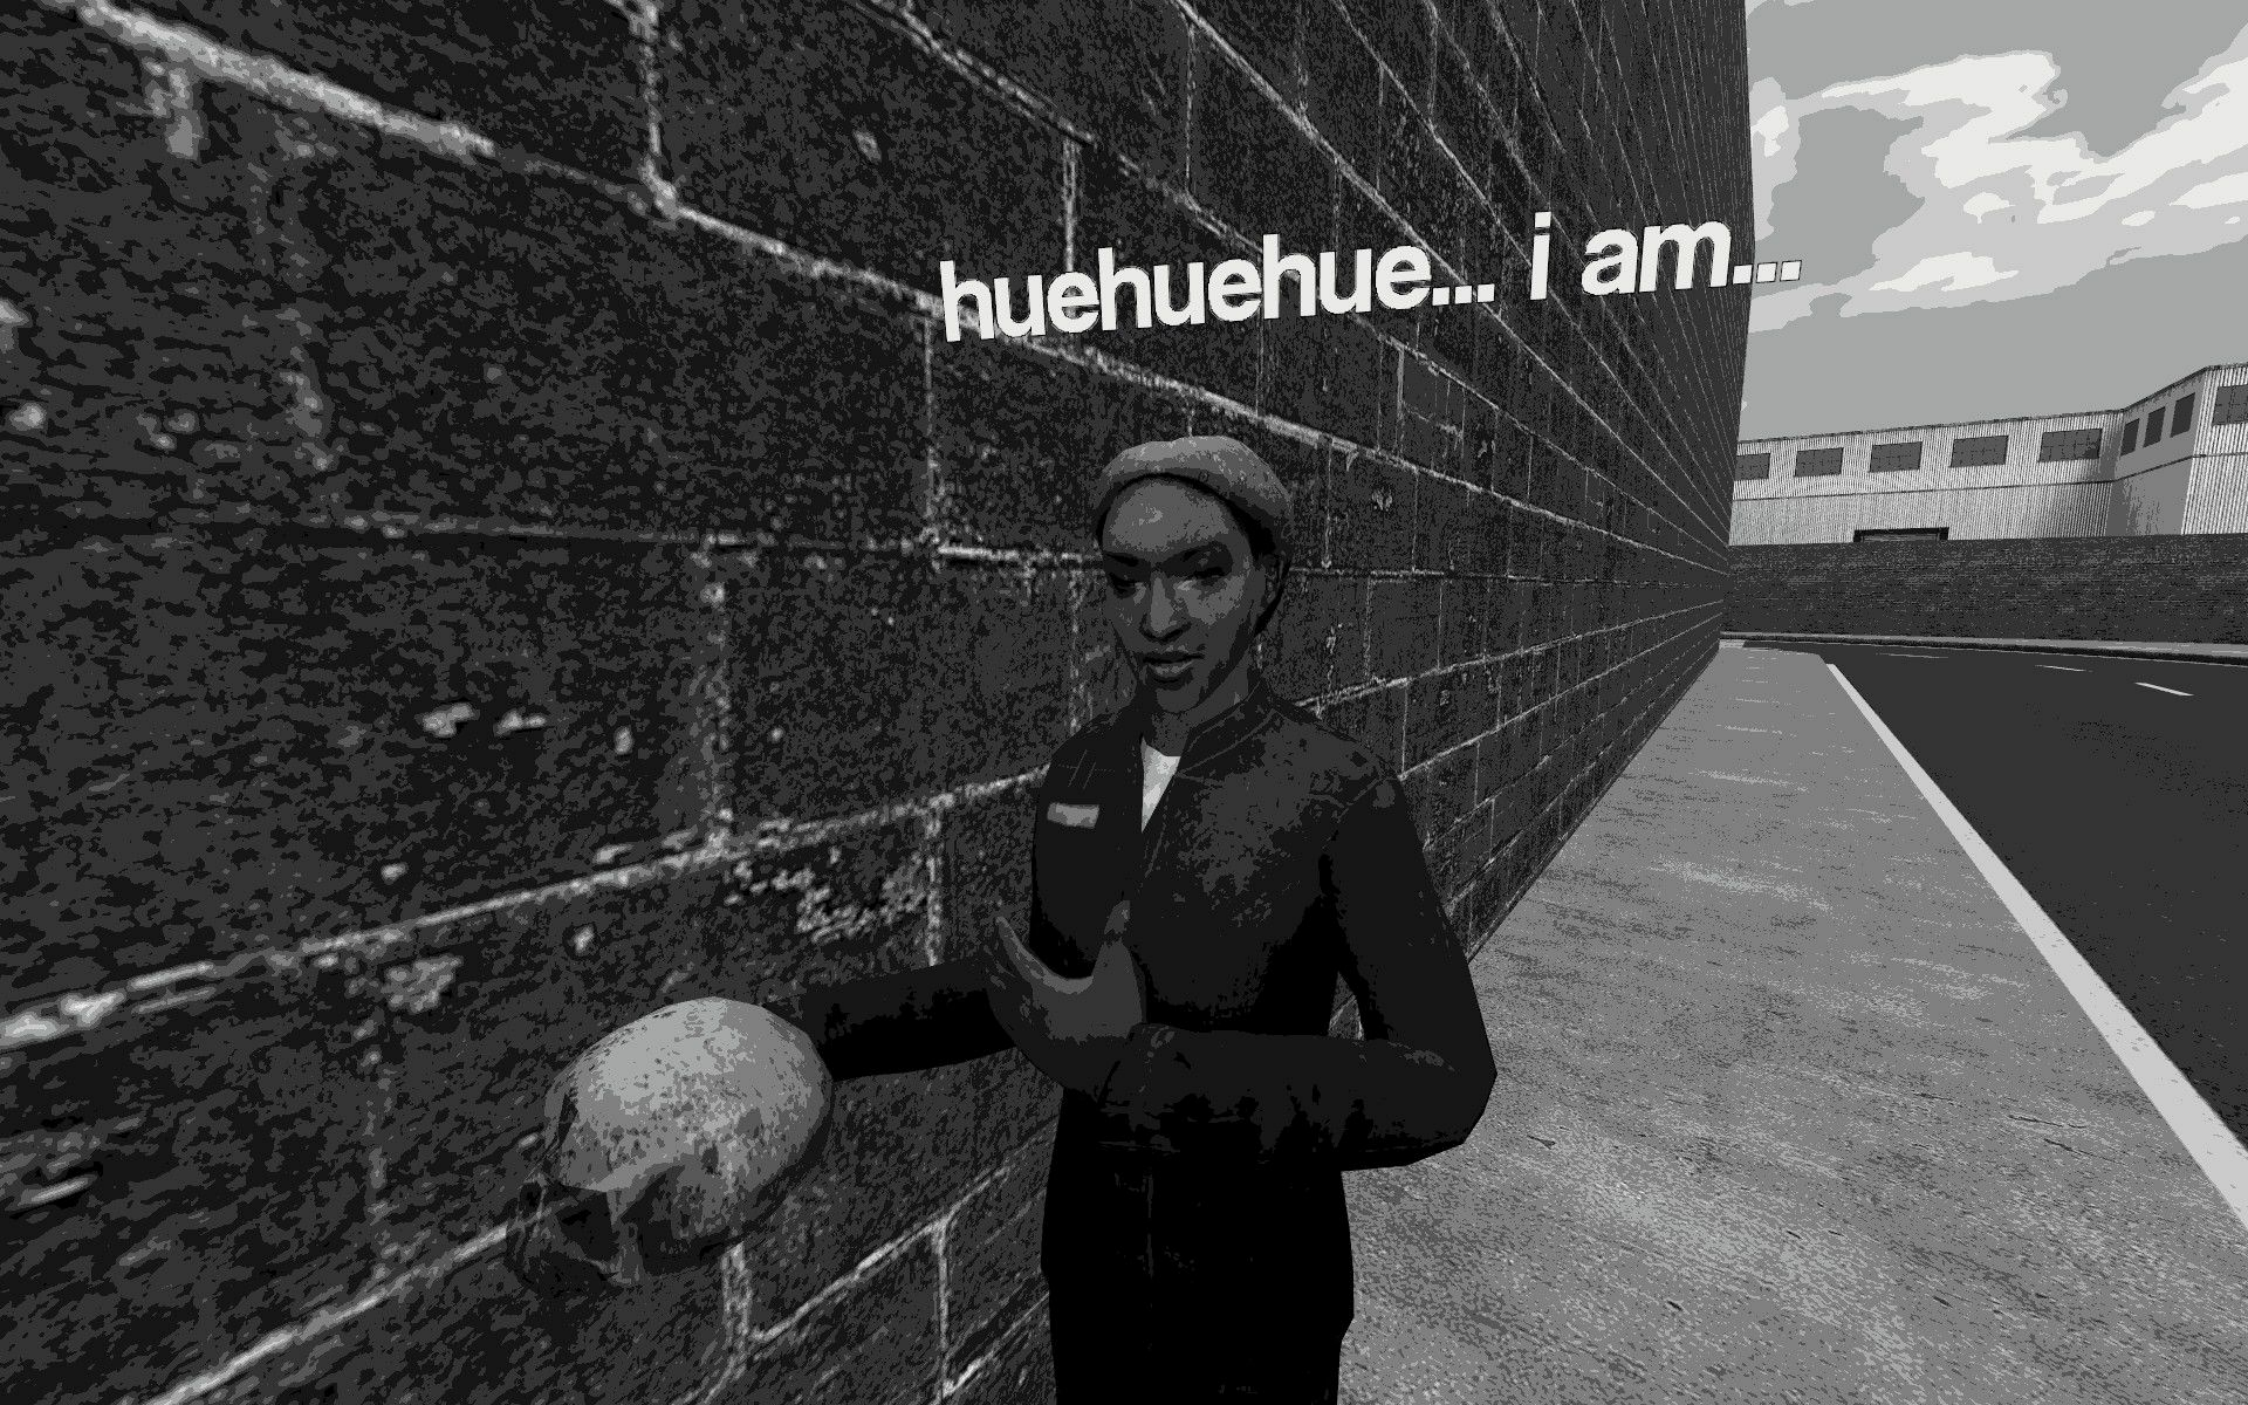
huehuehuehuehue!

i recognize that laugh...
huehuehuehuehue!

you're Brazilian!

and what of it?

then clearly you are bound by
the ancient ritual of trial by spicy food?



huehuehue... i am...

then i claim it!..

you understand the rules?

yes
yes

Then begin!

damnit, its too hot, how *can this be!?*

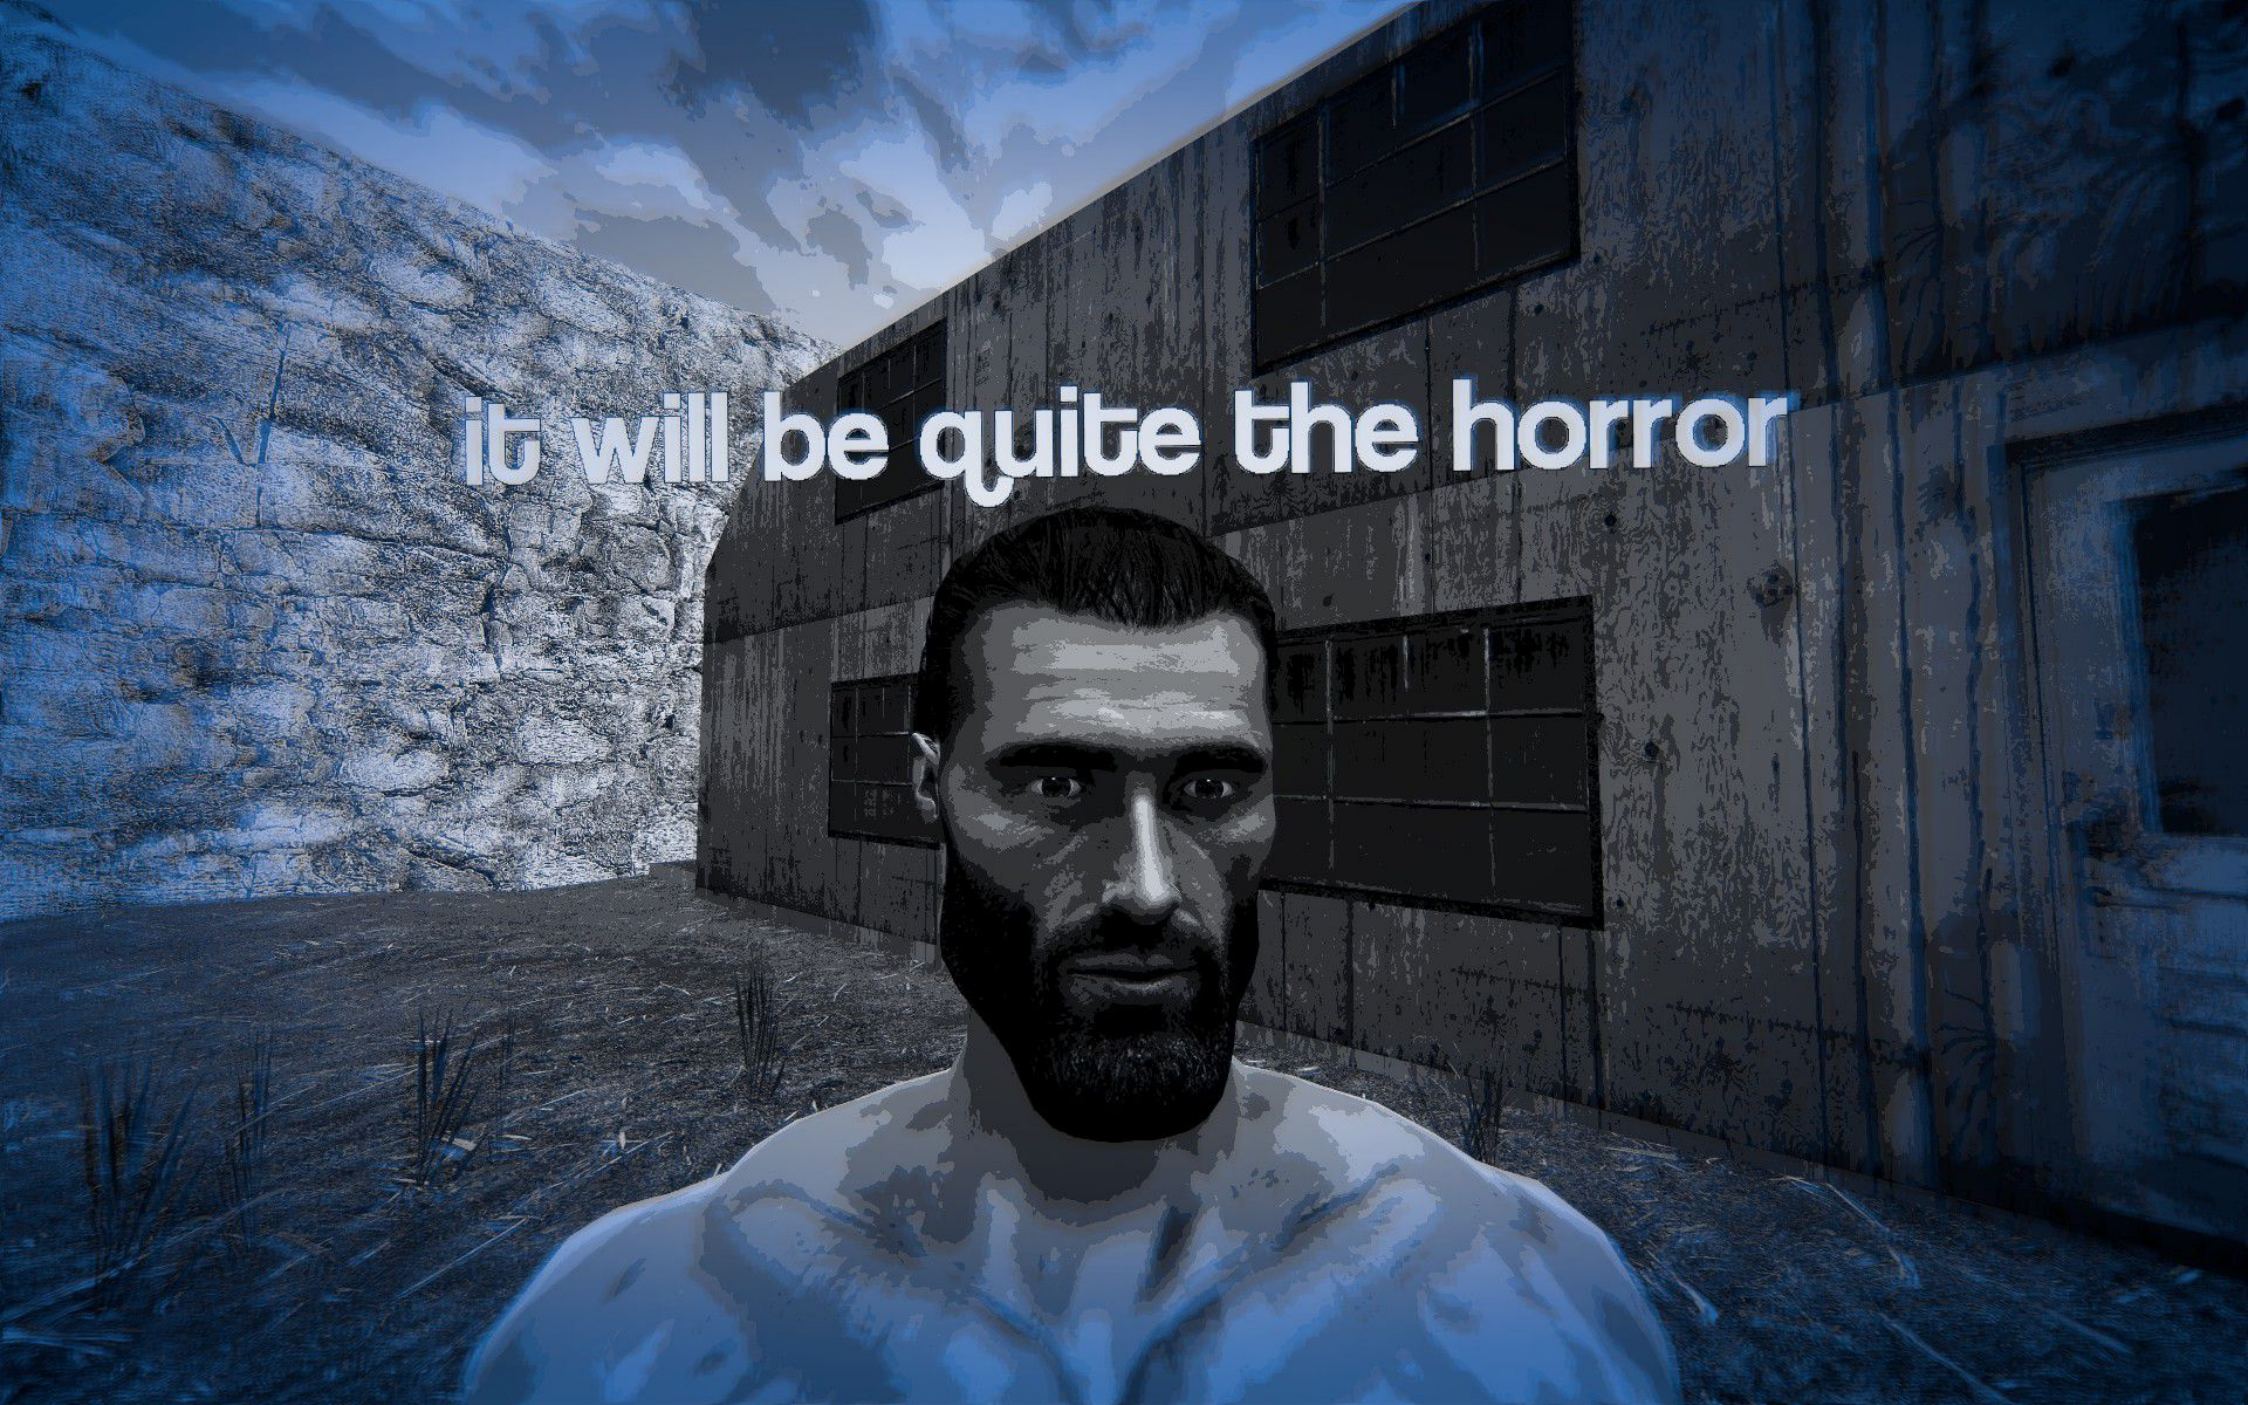
if i don't hurry, i'll be doomed!

Wait!

what did my el grandpa
tell me when i was a young el boy?

if you ever meet a brazilian woman who is in the trial by el tnt,
just use your gun to shoot her, if you don't, you'll lose,

and she'll import a brazillion people from beyond the border



it will be quite the horror

also, buy a fuckload load of freakcoin after the trail by Spicy Food,
there will be a gigantic dip, and then a monster spike,

buy on the first dip, and sell on the spike-

thats it!

um, i guess you win

The End

???
